ONE STROLLER ENDLESS POSSIBILITIES

MEET THE ZAPP X

At Quinny we know that once you've had a baby, life changes quickly. That's why we developed our newest hero: The Zapp X, a super flexible, comfortable and compact stroller. It's completely modular, so it can be adapted to your changing needs, from birth until your child is able to walk its own way. If you're looking for a flexible and comfortable stroller for your little one, you've just found all you need for the next few years!

THE NEW ZAPP X

With one iconic frame at its base, you have endless possibilities. There are three from-birth solutions to choose from, together with two toddler seats, giving you great flexibility. Its beautiful, seamless design embraces your child, and folds into a conveniently small package.
